Anyone Can Sell ...

We Service !!!

Got Power? Need a Pump? Rent a Flygt!

ITT Flygt offers an expansive line of electric submersible dewatering and solids handling pumps and mixers for tough applications. Many of these units are available for rental locally through Hahn Equipment.

The Flygt line of pumps and mixers are well suited for the following applications.

- Digester/Lagoon Cleaning
- Tank Mixing
- Sewer Bypass Pumping
- Construction Dewatering

Electric submersibles provide a variety of advantages over fuel driven pumps. Avoid shift rates, constant refueling, suction problems, noise and other environmental pollutants.

We also rent controls for automatic operation as well as suction and discharge hose.

Hahn Equipment Offers a Large Local Inventory of Flygt Rental Pumps & Mixers

Flygt Rental Pumps & Mixers Available at **HAHN** Equipment Co., Inc.
