ITT FLYGT 12 MONTH PUMP WARRANTY CONSTRUCTION/MINING: PORTABLE INSTALLATIONS

For the period defined below, ITT FLYGT offers a Commercial Warranty to the original End Purchaser against defects in workmanship and material covering Parts and Labor on its pumps when used in Portable Construction or Mining Installations, in compliance with the requirements of the ITT FLYGT Catalog and Technical Manual specifications, for dewatering or pumping non-corrosive liquids containing limited quantities of abrasive particles ("Qualified Applications").

ITT FLYGT Pumps used in Qualified Applications are warranted for 12 months. Warranty begins on the date of shipment from ITT FLYGT. ITT FLYGT will pay the cost of replacement parts and labor provided the Pump and Cable are returned prepaid to an Authorized ITT FLYGT Service Facility for repairs.

Time after shipment shall be determined from shipping date, to date of receipt of defective product (or Warranty Claim) by ITT FLYGT or any of ITT FLYGT's Authorized service facilities.

Electrical System Schematics (including Bills of Material) may be required to support any Warranty Claims; they will normally be required with claims for pumps of 18 horsepower and greater. This Warranty shall not apply to any Product or Part of Product which has been subjected to misuse, accident, negligence, operated in the dotted portion of the pump curves, used in a manner contrary to ITT FLYGT's printed instructions or damaged due to a defective power supply, improper electrical protection or faulty installation or repair. Warranty includes Pump Power Cable(s).

IMPORTANT: For warranty purposes, Monitoring devices supplied with specific pumps for protection must be connected and utilized. Failure to do so will invalidate the warranty.

ITT FLYGT's sole obligation under this Warranty shall be to Repair, Replace or Grant a Credit Reimbursement at its discretion, through its Warranty Processing Procedures for defective products when returned prepaid to ITT FLYGT and upon ITT FLYGT's exclusive examination found to be defective. Products repaired or replaced under this Warranty will be returned freight prepaid.

ITT FLYGT neither assumes, nor authorizes any person or company to assume for it, any other obligation in connection with the sale of its equipment. Any enlargement or modification of this Warranty by a Distributor or other Selling Agent shall become his exclusive responsibility.

ITT Flygt will not be held responsible for travel expenses, rented equipment, outside contractor's fees, unauthorized repair shop expenses, or for pumps purchased or used without ITT Flygt supplied cable or controls unless suitable for the purpose and equal to ITT Flygt cables or controls. The warranties made herein by ITT Flygt are in lieu of any and all other warranties, expressed or implied and the implied warranties of merchantability and fitness for a particular purpose are hereby expressly disclaimed. ITT Flygt assumes no liability for loss of use or for any direct, indirect or consequential damages of any kind in respect to the use or operation of ITT Flygt products, or any equipment or accessories in connection therewith.
